Please see reverse side for Important Notes.

## Indoor Pool Schedule IMPORTANT NOTES

**Aug. 26 - Aug. 31, 2019**

- The indoor pool will be closed for scheduled maintenance between Aug. 9 and Aug. 15. The diving board is only open during designated times.
- Aquatic programs have priority. Patrons may be asked to move to other areas of the pool during program times.
- Staff will make efforts to keep 2 lap lanes open for lap swimming. Swimmers will be required to share space in a lane and circle swim.
- Lightning or Thunder... pool will be evacuated. Pool will re-open in 30 minutes provided that there has been no additional lightning/thunder in the area.
- Deep Water H2O is not a class. It is an opportunity for our patrons to utilize the deep end for personal water exercise.
- GRC reserves the right to revise the Pool Schedule when necessary. Revised Pool Schedules will be posted on our website and in our facility.
- Questions should be directed to Kelly Carter (interim Aquatics Manager) at 614-836-1000 ext. 1512.

### **DIVING BOARD**

Our diving board structure was removed during our August maintenance shutdown. During inspection, our staff determined that a new structure was necessary. A new diving board structure has been ordered. It will be installed as soon as we are able. – Thank you.

### **FROG SLIDE**

The frog slide is currently closed. Staff sent the Frog Slide's tongue out to be re-coated during our August maintenance shutdown. Unfortunately, the company hired to re-coat the tongue did not perform the work up to our standards. It was returned for more work. We hope to have the Frog Slide operational by early September. – Thank you.

Unfortunately, due to a shortage in lifeguards, the indoor pool will be closed on Saturday, Aug. 31 and Sunday, Sept 1. During this time, the Groveport Recreation Center Annual Pass Holders may utilize the Groveport Aquatic Center at no cost. Please present your Annual Pass Card to our Groveport Aquatic Center Front desk staff at entry.

Lap Swimming (2 lanes) and Deep Water Exercise will be available as follows. Please circle swim and be prepared to share a lane with multiple swimmers.

Sat., Aug. 31 Lap Swim 8:00 AM-11:00 AM;12:00 PM-8:00 PM  
Deep Water Exercise 8:00 AM— 11:00 AM

Sun., Sept. 1 Lap Swim 12:30 PM— 8:00 PM  
Deep Water Exercise 12:30 PM—1:30 PM
